he's a terrible character!!! To put it shortly, Blizzard succeeded in making the orcs look more noble than they are (at least this is the case with Durotan, Draka and Orgrim). but they've dumbed down Alliance characters. Khadgar now simply serves as a comic relief. He's young, naive and clumsy. And Lothar is such a jerk. Gone is the noble Anduin Lothar from the original Warcraft Universe, who's a righteous warrior. I can no longer identify with him. He's brash and rude.

Leading directly on from the Warcraft prequel we have the movie adaptation from Christie Golden. When I say direct I really mean as we meet Durotan linking up with the Orc hoard ready to invade Azeroth. At first though we get a spot of foreshadowing that tries to let those not aware of the prequel or Orcs of this universe in on the enigma that is the chief of the Frostwolf Clan. This opening feels like a quick bite and very cinematic in its portrayal where a introductory chapter based on.
